

## Goa: Women in Aviation, Lockheed Martin organise 'Girls in Aviation Day' celebration

ANI | Goa (Maharashtra) [India] Last Updated at September 20, 2018 16:25 IST

[Women](#) in Aviation International, [India](#) Chapter and Lockheed Martin India, in association with [Airport Authority](#) of [India](#) (AAI) today celebrated Girls in Aviation Day at [Goa](#) Airport. With the vision to encourage girls to take up STEM subjects and explore career opportunities in related industries, the initiative is aimed at showcasing opportunities in the aviation and [aerospace](#) sectors. This initiative also aligns with the Government of India's [Skills India](#) initiative.

As part of the program, [Women](#) in Aviation International (India Chapter) invited 60 students from various schools for a tour of [Goa](#) Airport. Visiting students were given an opportunity to explore, learn, and discover the various aspects of and roles in aviation and [aerospace](#) such as air traffic controller, [airline](#) dispatch, pilot, aviation maintenance technician, [aeronautical engineer](#) or [aviation management](#). In addition, the girl students were given a tour of the ATC Tower, Airside, [Terminal Building](#) and AOCC and all their queries and questions were answered by the officials working in the respective departments.

Radha Bhatia, President, [Women](#) in Aviation International (India Chapter) shared, "This is the third year that the WAI [India Chapter](#) is celebrating 'Girls in Aviation Day' and we are delighted to host the same at [Goa](#). This day is celebrated for the young girls to encourage them to choose aviation as a viable career opportunity. World over India has the maximum number of female pilots but there are many other avenues within aviation that are still unknown. With this celebration, our aim is to see girls from the state of Goa explore exciting careers available to them as engineers, air traffic controllers and dozens of other jobs within aviation."

"We will continue our endeavour to introduce young girls to role models and educate them in a fun and supportive atmosphere. We are very fortunate to be able to [partner](#) with [Lockheed Martin India](#) and [Airport Authority](#) of India for this event. Their efforts in leading youth into STEM careers is truly commendable." added Bhatia.

Phil Shaw, Chief Executive, [Lockheed Martin India](#) Private Limited said, "Lockheed Martin is delighted to support the Girls in Aviation Day initiative and see it grow from strength to strength. We are passionate about encouraging young ladies to broaden their horizons and consider pursuing an [education](#) in Science, Technology, Engineering and Mathematics (STEM) and consequently, careers in [aerospace](#) and technology. Lockheed Martin views [education](#) as a crucial investment for both [business](#) and society, and looks forward to helping develop the next generation of engineers, explorers and scientists in India."

Post the airport tour, the students were given a presentation about the industry and its intricacies. Also, an impromptu quiz competition added to the delight of the students who won small tokens as prizes. Students were given an opportunity to interact with Mridula Sinha, [Governor](#) of Goa and chief guest for the event, as well as Radha Bhatia, [President](#) Women in Aviation International (India Chapter), BCH Negi, Airport Director, Goa Airport, Phil Shaw, Chief Executive, [Lockheed Martin India](#). Students also interacted with several other founding members from Women in Aviation International (India Chapter).

Since its inception in 2015, Women in Aviation International (India Chapter) has reached out to over 1500 young girls to encourage them to undertake STEM subjects and explore career opportunities in aviation-related industries.
