Commerce & Industry**

**WORKSHOP ON ATA CARNET ORGANISED BY FICCI
“ATA CARNET A BOON FOR EXPORTERS AND EXHIBITORS”**

Guwahati, May 26, 2014: A Workshop on ATA Carnet “Your visa for temporary export/ import of goods between international borders”, was organized in the city by FICCI to inform and educate the exporter community about the benefits of using ATA Carnet.

ATA Carnet is an internationally accepted document, which simplifies the customs procedures and clearances in a foreign country, without paying duty or a bank guarantee for temporary import into that country. Like a passport for goods, ATA Carnet allows for the goods for which it was issued to enter any of the participating countries for up to one year. An ATA Carnet holder can avoid customs declaration and can do away with security deposit or guarantees in the country of importation. In India, FICCI is the sole National Guarantor for ATA Carnet (supported by the Ministry of Commerce & Industry).

ATA Carnet covers several areas for use including trade fairs, shows, exhibitions, meetings etc. for temporary export into a country, which is a signatory to the conventions governing ATA Carnets. Goods must be re-exported out of every country and re-imported into India within a year. At present 73 countries recognize ATA Carnet, including Australia, Canada, France, Germany, Japan, Korea, Malaysia, Spain, UAE, UK and USA. To facilitate Carnet like mechanism for temporary movement of goods/ exhibits between India and Taiwan, a protocol was signed between FICCI in India and TAITRA in Taiwan. The same was implemented from May 15, 2014.

The Government is actively considering expanding the scope of ATA Carnet convention. At present, India is a signatory to convention on exhibitors and fairs only. It is proposed to expand the same to cover commercial samples, professional equipment, private exhibitions, film shootings, musical troupes, sports, media coverage etc. FICCI, which is the National Issuing and Guaranteeing Association (NIGA) for implementing ATA Carnets in India, is pursuing the matter with the Ministry of Finance for the expansion of scope of system to cover professional equipment and commercial samples.
