

MKU receives excellent response and interest from delegates for its ballistic technology and products showcased at International Police Expo 2014, New Delhi

“ Mr Surya Kumar, ADG, UP Police, addressing the media at the MKU booth at International Police Expo 2014 at New Delhi”

New Delhi, July 21st, 2014: MKU, a leading manufacturer of ballistic protection equipment, received excellent response and great interest from delegates of the state police forces at the International Police Expo 2014 for its state of the art and innovative solutions. The MKU team was led by Mr. Vaibhav Gupta, VP, Domestic Sales.

MKU has been active in the Indian market for long. It has recently completed supply of body armour and helmets to Rajasthan Police and has been awarded a contract for body armour by Gujarat Police. Its products are used by Marcos (Marine Commandos), SPG and NSG personnel besides many of the State Police and Para Military forces in India. It is currently participating by invitation in RFPs worth more than Rs 1200 crore for body armour released by the Indian MOD.

In order to develop innovative, ahead of the curve technological solutions and world class products and to focus on R&D, MKU invested in a Technology Centre in Kanpur in 2013. It is the only Indian company to have been awarded the stringent NIJ 0106 certification for its body armour.

One of the featured products at the show was the **Instavest**, a patented quick release jacket by MKU. This is the fastest quick release ballistic jacket which can be divested by the wearer in one single action in a fraction of a second and re-assembled again very quickly. Another featured product in the personal protection range was the '**BoltFree Helmet**' which is based on 'no-drill' concept, that not only provides uniform protection across the shell but also safety from secondary metallic fragments. MKU also showcased its expertise in platform armouring with a host of light weight solutions for land, air and naval platforms.

In pursuit of its motto '**Saving Lives Earning Smiles**' MKU continues to provide protection solutions to brave soldiers, police and security personnel, thereby playing its part in ensuring the safe return of these bravehearts to their families and homes. MKU has provided protection to over 1.5 million soldiers worldwide. It has, in its repertoire 1000+ solutions covering most of the common threats. A registered supplier to UN and NATO its products are used and trusted by more than 230 forces globally.
